Fellow Trappers:

Welcome to the world of trapping. My experience started in 1967 when I noticed a single trap hanging in our barn. A couple of weeks later I made my first catch a prime Vermont muskrat and have been hooked ever since.

Forty plus years later with thousands of critters caught I now own several hundred traps and still enjoy stringing steel.

In 2009, myself and my wife Diane started Arrowhead Trapping Supply with the help of our son Trevor, Daughter Crystal, her husband Trevor & Granddaughter Katelyn. We have since added another granddaughter Shaley and business has grown like a wildfire and now offer the following:

1. Complete Trapping Supply Warehouse: We carry most everything needed for a complete successful trap line. If not in stock it typically can be within 3 days.
2. Lures: Complete line of commercial and on site made lures. On site made lures come with 40 plus years of experience of trial and error and have been proven to work.
3. Fur Buying & Sales: Vermont State licensed fur buyer. We buy green or finished fur.
4. Fur Preparation: On site fur prep teaching you how to properly prepare your fur from start to finish! Skinning, fleshing, stretching/presentation, gland collection and preservation, and how to market your furs.
5. Education: Randy is an Advance Trapper Instructor through the Vermont Fish and Wildlife Department, as well as a 30 year Hunter Safety Instructor. He holds a spring and fall Trapper Education class yearly. These classes are a requirement in Vermont for first time trappers.

So there you have it, our brief history. Our promise to you is that we will fulfill your needs, from selecting your traps to marketing your fur to the fullest.

We look forward to meeting you and hearing your stories. Please call to set up a time to stop by.

Thank you For Your Business

Randy, Diane, Trevor,

Trevor, Crystal, Katelyn & Shaley
